Airborne Action Over Las Vegas – Maverick Business Adventures™ Tackles Another Bucket List of High Adrenaline Experiences

*Company's Second Outing Features a Zero Gravity Flight, Air Combat Mission
Plus a Helicopter Rendezvous High Atop a Remote Desert Butte*

POTOMAC, MD, February 2008 – Achieving weightlessness will be a lot more fun than pursuing weight loss, promises Maverick Business Adventures' Yanik Silver.

Silver, along with up to 31 members of his exclusive club for high-powered entrepreneurs will don custom flight suits and tackle zero gravity during a four-day outing based from Las Vegas on May 15-19, 2008. Entitled "Maverick Airborne Action", this is the second Maverick Business Adventures™ (MBA) outing this year expressly designed to encourage entrepreneurs to tick off wish list dreams while rubbing shoulders and networking with like-minded successes www.MaverickBusinessAdventures.com.

And in keeping with Silver's proven formula, a number of celebrity guests will also be joining the fun. Visionary entrepreneur and space evangelist Dr. Peter Diamandis www.diamandis.com/, founder of the X-Prize will be on hand to share his own insights on business success in the new millennium. Plans are in place to add another prominent personality to be announced shortly. MBA's inaugural January outing, four-wheeling, surfing and whale watching in Baja, featured pop-culture phenomenon Jesse James of West Coast Choppers and three-time Dallas Cowboys' Super Bowl champion Darren Woodson.

Following the same regimen NASA uses to train its astronauts, participants will attend a training session then, accompanied by a yet-to-be-named NASA astronaut, the group will board the specially modified aircraft, G-FORCE ONE www.gozerog.com for a series of parabolic flight maneuvers. In addition to achieving zero-g or weightlessness, G-FORCE ONE will also fly a parabola designed to simulate Lunar (1/6th) and Martian (1/3rd) gravity.

The zero gravity flight takes place on Friday following a Thursday night arrival and celebrity chefs welcome dinner. On Saturday, the group will gather for a pilot's briefing before taking off on a simulated air combat mission high above the Nevada desert www.aircombat.com.

Participants fly real military fighters with licensed fighter pilots safely in the cockpit with them. All aircraft are outfitted with state-of-the-art electronic tracking system to acquire a bogey, engage in aerial combat, and hopefully return to base victorious. A high-end digital multi-camera system will capture the fighter pilot experience for later viewing. An awards dinner that night will recognize and award the most ingenious combat missions.

Sunday's mission slows down a bit as guests board an ECO-Star EC-130 helicopter for a flightseeing trip to the Grand Canyon followed by an unforgettable landing atop an inaccessible butte for a gourmet working-

business brunch www.maverickhelicopter.com/. Then it's back to the Vegas Strip for a final networking session before heading to the airport.

Throughout the weekend, break-out sessions will focus on out-of-the-box thinking as it relates both to missions at hand and real-life challenges each club member brings to the table.

A self-described "adventure junkie," serial Internet entrepreneur and self-made millionaire, Silver has found that his own life-changing experiences such as running with the bulls, bungee jumping, sky diving, exotic car road rallies and Zero-Gravity flights have brought a profound sense of accomplishment and led to breakthroughs in ideas, focus and business thinking.

The Maverick Business Adventures™ club is structured to be an exclusive group and membership is by-application-only, limited to top entrepreneurs, CEOs and business owners with proven abilities and success. Silver stresses that the focus is not on corporate team building or motivational development. Instead, members will be invited to join professionally orchestrated, all-inclusive adventure outings that encourage the type of high-level networking and powerful connections that can only occur outside of normal business settings. For details on how to apply for membership in this exclusive club, you can go online to www.MaverickBusinessAdventures.com or call 240.744.0165.
